# Bridge Bucks B.A.N.K.

Belief Aligned with Natural Kinship

## Tax-Free & Matrix-Free Account For Purpose Driven Freedom Lovers

Bridge Bucks B.A.N.K. is a **Private Membership Agreement** under the umbrella of the **EarthWaking 508c1a organization**. This creates a complete separation of church and state. By entering into this private membership agreement, you become an auxiliary of the 508c1a.

While the declining Dollar is backed by debt and lies, **the stable Bridge Bucks B.A.N.K. is backed by land, food, water, shelter, energy and community.**

People choose the Bridge Bucks B.A.N.K. because they value **peace, freedom and lasting wealth**. It provides **security and protection** as it allows to continue buying and selling even if the economy collapses. It grants **freedom and independence** from the old monetary system, **belonging and connection** to a community, and **joy and fulfillment** of doing well while contributing to a higher purpose. It opens a stream of **exponentially growing future income**.

## Step Into The New Earth Economy

A major global shift of wealth is currently happening in the world economy. The Dollar continues to decline exponentially and will soon collapse and crumble as part of the **Agenda 2030 & The Great Reset** which will lead to a loss of individual freedom. The Dollar will be replaced by the **Central Bank Digital Currency (CBDC)**, a biometric digital identification, programmable, trackable, and traceable. You'll own nothing and you'll rent everything. You'll live in 15-minute Smart Cities on a **Universal Basic Income**, as long as you do exactly as you're told. **How to prepare for the fall of the Old-World Economy?**

Would you rather be leaving God's Kingdom behind for your children's children so they can grow up in Heaven on Earth? People put their money where their values are. We vote with our dollar bills. **Paying Taxes is building the Old-World Babylon. Tithing is building God's Kingdom.** Babylon is corruption, oppression and greed. God's Kingdom is justice, mercy and love. Tithing turns you into a **co-creator of God's Kingdom.**

### **Build Heaven On Earth (Not Babylon). Choose Tithing (Not Taxation)**

God's Kingdom is an **abundance of clean water, fresh organic food, regenerative energy, sustainable shelter, and sovereign currency**, so everyone's basic needs are met forever. **By choosing tithing over taxation**, we reject the moral decay of Babylon and embrace our role as stewards of God's Kingdom. Tithing is only 10%, happens only one time and is voluntary.

**What are the EXACT STEPS to Exit Babylon & Enter God's Kingdom?**
